

# DALE FARRINGTON

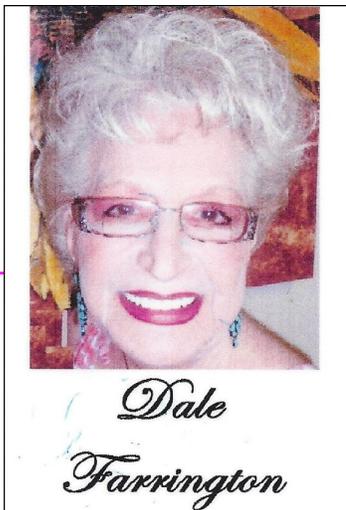

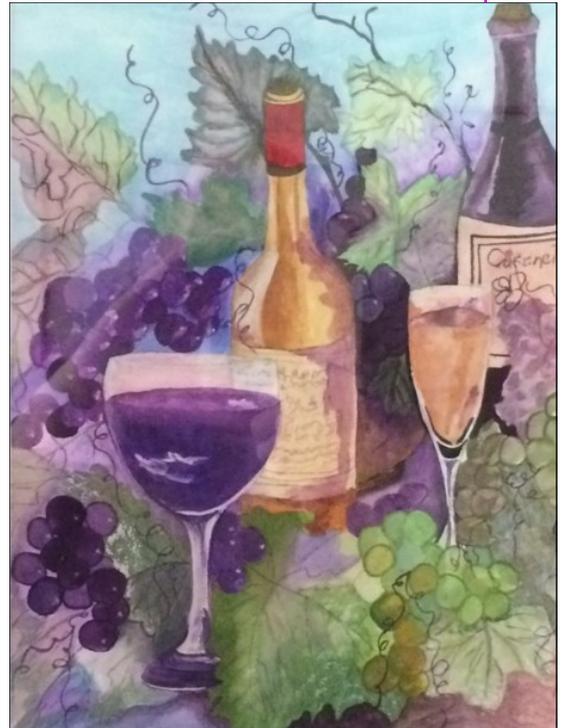

**FEATURE ARTIST AT  
CITY ART WORKS  
MINDEN, LA**

## *About the Artist*

My love of art was first discovered as a cosmetologist and in the early 90's I traded the hairbrush for the paintbrush and never looked back. Studying under Rocky Ferris in Florida, I began to fine tune my technique and became a local painter better known for my house boat paintings of House Boat Row in Key West, Florida. Since moving back from Florida, I have continued to pursue my love for painting and have sold many other pieces in both Texas and Louisiana and plan to continue pursuing my dreams on canvas.
