

# JUDY MCKENZIE

## About the Artist

Born and raised on Broadway Street in Bossier City (where the Boardwalk is today), Judy married her childhood sweetheart and has lived the last 24 years on Dorcheat Bayou located in Dixie Inn/Minden. She draws her inspiration from the Bayou as is evident in her art, and although she has acquired the necessary skills and knowledge associated with photography, she still prefers the basics—using a point and shoot camera set on automatic. She has a good eye for capturing the serenity of the bayou, and takes the process one step further by mounting her pictures on canvas.
